Ceramic Capacitor 100nF - 100v (PF104) Professional range of high-voltage multilayer capacitors. At high frequencies, these capacitors exhibit low ESR and find conventional use as snubbers or filters in applications. These capacitors are typically used in telecommunications, medical, military and aerospace equipment.

In the case of a 104j capacitor, the term "104j" refers to its capacitance value with the "104" indicating 10 multiplied by 10 raised to the power of 4, or 100,000 picofarads (pF) in total. This value allows for understanding the amount of ...
