Deciding between a LiPO or a LiFePO4 battery pack? LiPo is usually the go to choice if you need the smallest and lightest battery pack possible. LiFePO4 offers a more stable voltage drain and over 4x longer lifespan, but costs slightly more and is a bit of a heavier and bulkier battery pack. Please consider the main factors required for your application or project based on this ...

Our electric lawnmower uses battery packs that contain three of these 12V/10A batteries. When one of the cells went bad, the choice was to buy a new battery pack from the manufacturer (\$120+\$19 shipping, on sale) or just replace the bad battery in the unit with one of these. Obviously we chose the latter, and saved over \$100 with a 5-minute swap. Excellent price, ...
