

Banna Battery Malawi

A small-scale farmer in northern Malawi, Emily Nkhana used to discard over-ripe bananas or just let them rot, but she has now found a profitable use for them - banana wine. Extreme heat was causing bananas to ripen too quickly, resulting in heavy losses for Ms Nkhana and many other farmers who live in Karonga district.

representatives of the banana industry and civil society in Amsterdam in October 2008. Launching of the MSF project and first World Banana Forum at the FAO FAO has been involved in this multi-stakeholder process through its Trade and Markets Division since the first international banana conference in 1998.
