Field chargers have a 12V input as well as, or instead of, the main 110/220V input. Therefore you can charge your airplane battery pack from your car battery, either by using "crocodile clips" directly to the battery or via the car cigarette lighter outlet. This lets you operate the charger at your flying site - hence the name "field" charger.

Stealth Fieldmax External Ex Solar Battery PackThe Stealth Cam Fieldmax External Ex Solar Battery Pack maintains the charge of the battery pack leading to less charging and more photos.
