Capacity of Battery & Battery Recharging. Wireless security cameras rely on batteries, so you have to consider how long the battery life of the camera you're buying is. The longer--the better, of course. Some are replaceable, while others can be recharged. You can even find cameras that run on solar power, which is an eco-conscious option.

I use an anker 733. It's both a power brick and a battery, but it's only 5000 mAh. That said, I can leave the laptop and phone charging power bricks at home and it has 65w output to charge my MacBook. I pair it with a rolling square in charge x cable that has a usb-a and usb-c side for the power brick, and goes to usb-c, iPhone, or micro-usb.
