The Guyana Energy Conference Get Ready for 2025! The Guyana Energy Conference and Supply Chain Expo is an annual event uniting industry leaders, policymakers, and stakeholders to explore developments and opportunities in energy and supply chains. It aims to foster forward-looking discussions, bridging gaps and connecting ideas across ...

The Inter-American Development Bank (IDB) and Norwegian Agency for Development Cooperation are investing up to US\$83.3 million in eight solar PV projects in Guyana with 34MWh of co ...

By Samuel Sukhandan The much-anticipated Guyana Energy Conference and Supply Chain Expo commenced today, attracting numerous energy professionals from the Caribbean and beyond. Now in its third year, the conference emphasizes the significant opportunities in logistics and transport systems within Guyana for expanding trade ...

Orealla was equipped with a 45-kilowatt (kW) mini solar installation and a 135 kilowatt per hour (kWh) battery energy storage system, while Siparuta had a 45kW mini solar installation with a 105kWh ...

OIL and gas exploration and marketing and the resultant revenues have transformed the Guyana economy so much that it is now unrecognisable from what it was ... The gas would be accumulated on ExxonMobile's Floating Production Storage and Offloading (FPSO) vessels and the transmission pipes would be connected thereto. ...

According to a release from the GEA, among the energy projects it has supported in hinterland and riverine communities, as of December 2023, were the supply of 26,398 of 30,000 Solar Home Energy ...

4 · The Inter-American Development Bank (IDB) said that it has approved a non-reimbursable investment financing of up to USD 83.3 million (EUR 78.9m) to support the ...

ExxonMobil Guyana has pledged its support for the Guyana Energy Conference and Supply Chain Expo (GECSCE), proudly returning as the Title Sponsor for the fourth consecutive year. This flagship event, which enjoys the exclusive support of the Government of Guyana, will be held from February 18th to 21st, 2025 at the Guyana ...

The Guyana Energy Agency (GEA) has unveiled remarkable achievements in its energy projects for 2023. A cornerstone of GEA's endeavours it said was the implementation of a large-scale electrification initiative aimed at providing 30,000 solar home energy systems to hinterland and riverine communities.

Guyana's public utility company (GPL) has opened a tender for three utility-scale PV and battery storage projects with total power and storage capacities of 15 MWp and 22 MWh,...
