Shenheng Power Equipment Co., Ltd. is a professional manufacturer of high and low voltage complete sets of equipment R& D, production and sales of ring network cabinets, ring network ...

Hi I'm fitting a new kitchen and as the light circuit isn't that easy to get to I want to fit a spur off 2 different sockets. My thoughts were to run a spur from each socket and fit a fused switch to feed low voltage led under cabinet lighting. 3 leds under each side. would this be acceptable or should it be done differently.

These high-quality solar fence lights come equipped with a rechargeable battery (included) and built-in, high-brightness LED lights. They can be fully charged after absorbing 6 to 8 hours of solar energy during the

Lighting solar high current ring network cabinet

day and can keep areas well-lit for up to 7 hours throughout the night.
