HP provides a Battery Check tool that you can use to test your battery before ordering a new one. For more information, see [HP Notebook PCs - Testing and calibrating the battery \(Windows\)](#). For instructions about how to improve battery performance, see [HP Notebook PCs - Improving battery performance \(Windows\)](#).

The OEM battery was dying about halfway, so I ordered a "brand new replacement" BTE-2000 battery. This is for a CAT S22 Flip. After receiving the new battery and charging/cycling it properly, it still dies at 50-60% battery. This indicates a defective lithium cell. The "new" battery may have been new, but it was indeed defective.

How Much Does Car Battery Replacement Cost? NAPA Auto Care is happy to take care of your battery replacement service for you. This automotive service includes the cost of a new battery (this can vary depending on the size and cold cranking amps required for your vehicle) and the cost of professional labor, which averages approximately \$200 total.
