

Outdoor solar power supply underground

On my current outdoor cams I have 2 that run solely on solar, the outdoor cams use between 400ma (day) and 550ma (night) each camera. So between the 2 cameras on average 23,000-25,000 mAh is consumed by the 2 camera per day I originally had one 120 watt panel which fell short at times so I added another 120 watt panel to ...
