2. Order a UN 38.3 test from an accredited testing company. In the likely scenario that your supplier cannot provide a valid and verifiable UN 38.3 test report, your only option is to submit a battery sample to an accredited compliance testing company. You will need to pay for lab testing, which normally costs around US\$350 to US\$500.

TSL Logistics Pte Ltd. was founded in 2003 by veteran logistics expert Mr. Alan Tay Soon Lai with the objective of establishing a client-focused logistics company in Singapore.
