

Ranking of good solar panel manufacturers

Goldi Solar is a Gujrat-based solar panel manufacturer. They have achieved a record growth from 10 MW to 500 MW in a mere 11 years in operation. They export their solar panels to 20+ countries with a workforce of 1,500 strength. They have an annual manufacturing capability of 2.5 GW and they are looking to add another 2000 MW by the end of 2023.

The race to produce the most efficient solar panel heats up. Until mid-2024, SunPower, now known as Maxeon, was still in the top spot with the new Maxeon 7 series. Maxeon (Sunpower) led the solar industry for over a decade until lesser-known manufacturer Aiko Solar launched the advanced Neostar Series panels in 2023 with an impressive 23.6% module ...

Their Neon mono perc cells have enabled them to achieve panel efficiencies close to 22%, but there are now five or six other manufacturers around the same level. Unlike SunPower, which requires dealers to buy solar panels directly from them, LG solar panels can be acquired through major distributors.

Q Cells, which is a brand manufactured by Hanwha, is the best solar company for value, in our opinion. Despite being more affordable than most other tier-one solar panel brands at around \$3.00 per watt, its panels still have above-average efficiency ratings and performance specs. They're not quite as impressive in their durability as some other options, ...
