

A solar generator that weighs 10-20 pounds is ideal if you need a good amount of power on the go. At this weight, you"ll probably be able to find one with a battery between about 400-800Wh. If you"re looking for a large solar generator, you may want to consider getting one with wheels for more comfortable transportation.

An even more powerful option is the EcoFlow DELTA Pro Ultra, which can provide a capacity from 6kWh to an astounding 90kWh and continuous AC output from 7.2-21.6kW, allowing you to customize your power solution based on your needs. The EcoFlow DELTA Pro Ultra offers plenty of flexibility. You can add up to 42 x 400W Rigid Solar Panels to ...
