India's capacitor manufacturing industry is thriving, with numerous companies offering a wide range of capacitor types and specializations. From electrolytic and ceramic capacitors to film capacitors and beyond, these manufacturers cater to the diverse needs of various industries, providing high-quality products and reliable solutions.

In another DVD player I fixed, I found some "R.M" brand electrolytic capacitors (CD110 series, used by more than one Chinese manufacturer). They were not bulging nor were they causing any problems, but I wanted to know if anyone has seen such a brand. (Ignore the Daewoo units, they were all good) (A little off

**Definition of Capacitor** A capacitor is an element that stores electricity and electrical energy (potential energy). A conductor surrounded by another conductor, or a conductor in which all the electric field lines emitted by one conductor terminate in the other conductor, is called a capacitor. Two conductors in close

Capacitor brands for Vintage Sansui. Thread starter DEFTECHY; Start date Jan 13, 2024; DEFTECHY Well-Known Member. Jan 13, 2024 #1 I will be doing a recap on a vintage Sansui Integrated Amp. I plan to just do a basic "budget" recap of all the smaller electrolytics on the boards, I think the large main power supply caps are OK as the unit sounds ...

Vishay and Kemet are not "premium" grade electrolytic manufacturers. Kemet makes fine poly's and Vishay makes fine ceramic caps. Kemet also makes fine tantalum and ...

Re: Capacitor brand identification? Small cap is a United Chemi-con as you have already suggested. I believe it is no longer available. The SL series was a general purpose cap and you should be ok with a Panasonic FC obviously the same voltage and uf values. Other good make caps would also be good a few suggestions here

Don't ever buy capacitors from China. Especially top brands from the post above. In addition to those there are: Suncon (former Sanyo) TDK (former Epcos) Kemet Vishay Cornell Dubilier - CDE ELNA As well there are cheaper but still decent capacitors as: SAMXON Jamicon Lelon #171; Last Edit: November 21, 2017, 09:42:30 pm by wraper #187;

+2, the reason "good" caps are considered "good" is that they have reputations proven over decades. Is it possible these "new" caps are good, maybe, but it is far more likely they are cheap junk constantly re-branded (to avoid a "bad reputation" by the time anyone figures out they're junk the name changes) and it would take several years (5+, 10+ would be better) of ...
