Excell Battery is Canada's largest battery importer and wholesaler of industrial batteries. We have three sales and production centers across Canada covering all the major markets. Excell Battery was founded in 1985 and stocks a huge variety of lithium, lithium-ion, nickel cadmium, nickel metal hydride, sealed lead acid, alkaline, etc.

If you are replacing an existing AGM or Gel deep cycle battery you can continue to use your same battery charging system as the built-in battery management system will take care of the rest. Lithium batteries charge much faster than normal lead-acid batteries and can handle much higher charge currents and higher discharge currents.
