Which state-owned enterprises are engaged in the research and development of photovoltaic batteries

Box 1.2. Three Perspectives on State-Owned Enterprises in the Literature (Not Mutually Exclusive) Agency view: There is a discrepancy between the objectives of managers (the agents) and of owners (the principals). Although governments may seek to maximize social welfare, their agents may lack the incentive to maximize the use of resources toward this end.

When the government creates state-owned enterprises (SOEs), one of the primary purposes is to reduce its financial burden in the long run, also called financial sustainability.

In recent years, the development of China's state-owned companies (SOEs) has slowed dramatically due to the improvement of the government-enterprise relationship and maturity in the market system. To accomplish the market-oriented transformation of the management model and promote sustainable development, some SOEs have incorporated ...
